

## LOCAL SNAPSHOT: Governor Cooper's Expansion of Smart Start In Your Area

Governor Cooper's budget added \$15 million to the Smart Start program, a public private partnership focused on early childhood health and education. Cooper's recommended increase would be the first state-funded increase in the program since 2008 and it would provide for increased support and flexibility at the local level to improve outcomes and better prepare children for school.

Here's a look at how much additional funding each local partnership would receive under Cooper's proposal:
