GOVERNOR

## EXECUTIVE ORDER NO. 139

### ADDITIONAL REGULATORY FLEXIBILITY TO MEET NORTH CAROLINA'S HEALTH AND HUMAN SERVICES NEEDS

**WHEREAS**, on March 10, 2020, the undersigned issued Executive Order No. 116 which declared a State of Emergency to coordinate the State's response and protective actions to address the Coronavirus Disease 2019 ("COVID-19") public health emergency and provide for the health, safety, and welfare of residents and visitors located in North Carolina; and

**WHEREAS**, on March 11, 2020, the World Health Organization declared COVID-19 a global pandemic; and

**WHEREAS**, on March 13, 2020, the President of the United States issued an emergency declaration for all states, tribes, territories, and the District of Columbia, retroactive to March 1, 2020, and the President declared that the COVID-19 pandemic in the United States constitutes a national emergency; and

**WHEREAS**, on March 25, 2020, the President approved a Major Disaster Declaration, FEMA-4487-DR, for the State of North Carolina; and

**WHEREAS**, in responding to the COVID-19 pandemic, and for the purpose of protecting the health, safety, and welfare of the people of North Carolina, the undersigned has issued Executive Order Nos. 116-122, 124-125, 129-131, 133-136, and 138; and

**WHEREAS**, more than fifteen thousand people in North Carolina have had laboratory-confirmed cases of COVID-19, and hundreds of people in North Carolina have died from the disease; and

**WHEREAS**, hospital administrators and health care providers have expressed concerns that unless the spread of COVID-19 is limited, existing health care facilities and health care staff may be insufficient to care for those who become sick; and

**WHEREAS**, North Carolina and its hospitals and physician practices need to take all reasonable actions to expand the capacity of the state's health care system and improve its ability to efficiently respond to the COVID-19 pandemic, thereby reducing the probability that the demand for care in North Carolina will outpace capacity; and

**WHEREAS**, in some cases, these actions will require temporarily waiving or suspending legal and regulatory constraints; and

**WHEREAS**, in the coming days and weeks, decisions about adding and transferring resources will require real-time decision-making; and

**WHEREAS**, to enable rapid decision-making, the undersigned has determined that it is in the best interest of the people of North Carolina to provide the Secretary of the Department of Health and Human Services (the “Secretary”) with authority to modify or waive enforcement of certain legal and regulatory constraints as necessary in order to expand capacity and save lives; and

**WHEREAS**, North Carolinians who perform asbestos management, lead abatement, or lead renovation must be accredited or certified, and they must maintain their accreditations or certifications by completing refresher training courses; and

**WHEREAS**, due to the recent COVID-19 restrictions, North Carolina-approved training providers are offering fewer classroom refresher training classes, and online training is not an option; and

**WHEREAS**, the undersigned has determined that the Secretary should be authorized to extend the expiration date of asbestos professionals’ accreditations and lead professionals’ certifications so that these professionals may continue their important work; and

**WHEREAS**, in Subsections 1(2) and 1(3) of Executive Order No. 119, the undersigned, with the concurrence of the Council of State, delegated to the Secretary the powers to waive local health department mandated services requirements, extend the time period for public health nurses to complete training, and extend accreditations of local health departments; and

**WHEREAS**, the undersigned has determined that these delegations should continue; and

**WHEREAS**, under N.C. Gen. Stat. § 130A-34.4(a), local health departments which fail to maintain accreditation pursuant to N.C. Gen. Stat. § 130A-34.1 shall be ineligible to receive funding from the Division of Public Health; and

**WHEREAS**, waiver of the enforcement of N.C. Gen. Stat. § 130A-34.1 will allow local health departments in North Carolina with conditional accreditation to continue receiving critical public health funding needed to provide essential public health services, including response to the COVID-19 pandemic; and

**WHEREAS**, to meet these critical needs, the undersigned has determined that the Secretary requires authority to issue emergency facility guidelines adapted to the circumstances of the COVID-19 pandemic; and

**WHEREAS**, the U.S. Centers for Medicare and Medicaid Services (“CMS”) issued several waivers of regulations to provide flexibility to health care providers and facilities, and to maximize the work force available to provide health care services during the COVID-19 pandemic; and

**WHEREAS**, the undersigned has determined that the Secretary should be delegated authority to coordinate with CMS and the President to optimally utilize the CMS waivers; and

**WHEREAS**, because actions to expand capacity, consistent with the CMS waivers, often affect a broad set of interlinked legal requirements, the undersigned has determined that the Secretary should be delegated authority to waive or modify enforcement of those constraints; and

**WHEREAS**, people in North Carolina remain in need of child care for their school-aged children due to the closure of schools; and

**WHEREAS**, in Executive Order No. 130, the undersigned, with the concurrence of the Council of State, authorized waiver or modification of certain child care regulations; and

**WHEREAS**, the evolving situation during the COVID-19 pandemic continues to raise new issues, including needs for regulatory waivers that may develop at short notice; and

**WHEREAS**, due to the financial hardships that many child care facilities and families of covered children are experiencing, and to provide financial assistance, it is necessary to suspend or modify certain state child care regulations; and

**WHEREAS**, the undersigned has determined that the Secretary should be delegated authority to waive or modify enforcement of additional child care regulations; and

**WHEREAS**, the U.S. Centers for Disease Control and Prevention (“CDC”) determined that given the high risk of spread once COVID-19 enters a health care facility, facilities must act immediately to protect residents, families, and staff from serious illness, complications, and death; and

**WHEREAS**, the CDC has recommended that health care facilities limit visitors to only those essential for the patient’s physical or emotional well-being and care; and

**WHEREAS**, to prevent the spread of COVID-19 and coordinate with the CDC, the undersigned has determined that the Secretary should be delegated the authority to restrict visitors, in accordance with the CDC guidance, at facilities that serve as residential establishments for higher-risk persons; and

**WHEREAS**, the North Carolina Division of Employment Security has received over one million claims for unemployment since March 10, 2020; and

**WHEREAS**, historically, applications for Medicaid rise during periods of increased unemployment, and a surge in applications is anticipated; and

**WHEREAS**, because of the COVID-19 pandemic, many people have lost or will lose their health insurance, and it will be essential to extend Medicaid to them as quickly as possible so that there are no barriers to testing and treatment; and

**WHEREAS**, in the coming days and weeks, decisions on how to handle the anticipated surge in Medicaid applications will need to be made in a rapid time frame, depending on when and where surges occur; and

**WHEREAS**, CMS guidance on Medicaid and federal Medicaid regulations provide, in the event of a disaster, flexibility to states regarding procedures for processing applications for Medicaid and for verifying eligibility to participate in the Medicaid program for applicants and current beneficiaries; and

**WHEREAS**, the undersigned has determined that the Secretary should have authority to utilize, in this disaster caused by COVID-19, the flexibility granted by CMS and federal Medicaid regulations; and

**WHEREAS**, specifically, to expand capacity for COVID-19 treatment and handle the anticipated surge in Medicaid applications, the undersigned has determined that the Secretary should have authority, consistent with the flexibility granted by CMS and federal Medicaid regulations, to modify or waive the enforcement of legal and regulatory constraints that would prevent or impair the efficient and safe intake, processing, and disposition of Medicaid applications by county Department of Social Services (“DSS”) offices; and

**WHEREAS**, in Executive Order No. 130, issued on April 8, 2020, the undersigned, with the concurrence of the Council of State, took a series of measures to expand the capacity of North Carolina’s health care system; and

**WHEREAS**, the need for these measures continues, and it would be consistent to have the provisions of this Executive Order and Executive Order No. 130 expire under the same schedule; and

**WHEREAS**, the undersigned has determined that there should be a common process for the Secretary to report her exercise of the delegations of power under this Executive Order, under Section 1 of Executive Order No. 119, and under Executive Order No. 130; and

**WHEREAS**, Executive Order No. 116 invoked the Emergency Management Act, and authorizes the undersigned to exercise the powers and duties set forth therein to direct and aid in the response to, recovery from, and mitigation against emergencies; and

**WHEREAS**, pursuant to N.C. Gen. Stat. § 166A-19.10(b)(2), the undersigned may make, amend, or rescind necessary orders, rules, and regulations within the limits of the authority conferred upon the Governor in the Emergency Management Act; and

**WHEREAS**, N.C. Gen. Stat. § 166A-19.10(b)(3) authorizes and empowers the undersigned to delegate Gubernatorial vested authority under the Emergency Management Act and to provide for the subdelegation of that authority; and

**WHEREAS**, N.C. Gen. Stat. § 166A-19.10(b)(4) gives the undersigned the authority to “cooperate and coordinate” with the President of the United States, and the orders and authorizations below cooperate and coordinate with CMS and utilize the flexibility provided in CMS waiver letters; and

**WHEREAS**, pursuant to N.C. Gen. Stat. § 166A-19.10(b)(7), the undersigned is authorized and empowered to utilize the services, equipment, supplies, and facilities of departments, offices, and agencies of the state in response to the emergency; and

**WHEREAS**, pursuant to N.C. Gen. Stat. § 166A-19.30(a)(1), the undersigned may utilize all available state resources as reasonably necessary to cope with an emergency, including the transfer and direction of personnel or functions of state agencies or units thereof for the purpose of performing or facilitating emergency services; and

**WHEREAS**, pursuant to N.C. Gen. Stat. § 166A-19.30(a)(2), the undersigned may take such action and give such directions to state and local law enforcement officers and agencies as may be reasonable and necessary for the purpose of securing compliance with the provisions of the Emergency Management Act and with the orders, rules, and regulations made thereunder; and

**WHEREAS**, pursuant to N.C. Gen. Stat. § 166A-19.30(b)(4), the undersigned, with the concurrence of the Council of State, may waive a provision of any regulation or ordinance of a state agency or political subdivision which restricts the immediate relief of human suffering; and

**WHEREAS**, pursuant to N.C. Gen. Stat. § 166A-19.30(b)(5), the undersigned, with the concurrence of the Council of State, may perform and exercise such other functions, powers, and duties as are necessary to promote and secure the safety and protection of the civilian population; and

**WHEREAS**, the undersigned has sought and obtained concurrence from the Council of State consistent with the Governor’s emergency powers authority in N.C. Gen. Stat. § 166A-19.30; and

**WHEREAS**, all the authority granted by this Executive Order is intended to be temporary, and the waivers and modifications of enforcement set out in this Executive Order are intended to extend only through the period where they are needed to address the COVID-19 pandemic.

**NOW, THEREFORE**, by the authority vested in me as Governor by the Constitution and the laws of the State of North Carolina, **IT IS ORDERED**:

Gen. Stat. § 166A-19.60) or any other person.

**Section 8. Savings Clause**

If any provision of this Executive Order or its application to any person or circumstances is held invalid by any court of competent jurisdiction, this invalidity does not affect any other provision or application of this Executive Order, which can be given effect without the invalid provision or application. To achieve this purpose, the provisions of this Executive Order are declared to be severable.

**Section 9. Distribution**

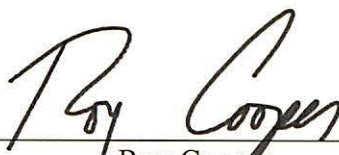

I hereby order that this Executive Order be: (1) distributed to the news media and other organizations calculated to bring its contents to the attention of the general public; (2) promptly filed with the Secretary of the North Carolina Department of Public Safety, the Secretary of State, and the superior court clerks in the counties to which it applies, unless the circumstances of the State of Emergency would prevent or impede such filing; and (3) distributed to others as necessary to ensure proper implementation of this Executive Order.
