NATIONAL WINDOW FILM DAY

2017

BY THE GOVERNOR OF THE STATE OF NORTH CAROLINA

## A PROCLAMATION

**WHEREAS**, window film, a significant energy saving material manufactured primarily in the United States, provides a safer and more secure environment for home owners, public buildings, and retail establishments by screening out dangerous solar rays that can cause skin cancer and harmful glare; and

**WHEREAS**, window film has been proven to be one of the most cost-effective means of reducing our carbon footprint, positively impacting the economy on both local and national levels; and

**WHEREAS**, the window film industry's contribution to the economy deserves recognition; their product can help both consumers and businesses save money on their energy bills and reduce peak demand for electricity; and

**WHEREAS**, North Carolina citizens and business owners should be more aware of the many benefits of window film as a cost-effective means of saving energy and creating job opportunities, both of which are critical to the economic health of the United States; and

**WHEREAS**, the window film industry is committed to educating the public on the many uses and advantages of window film through their nonprofit trade association, the International Window Film Association (IWFA); and

**WHEREAS**, North Carolina recognizes the citizens who manufacture, distribute, and install window film, and acknowledges the IWFA's work in educating the public about the economic and environmental impact of window film;

**NOW, THEREFORE**, I, ROY COOPER, Governor of the State of North Carolina, do hereby proclaim April 30, 2017, as "NATIONAL WINDOW FILM DAY" in North Carolina, and commend its observance to all citizens.
